

Welding Vice for 90° with 105 mm jaw width and 60 mm jaw height (Light Duty Work)

40047220

Practical 90° angle vise for fastening items perpendicular to each other.

The vise is particularly suitable for welding steel profiles and pipes. The attachment of the spindle is rotatable and thus allows different dimensions to be clamped at the same time.

Made of cast iron with copperplated spindle and base plate with mounting holes.

- 90° angle
- Cast iron
- Ideal for industrial use
