

Welding Vice for 90° with 70 mm jaw width and 35 mm jaw height (Heavy Duty Work)

40047210

Practical 90° angle vise for fastening items perpendicular to each other.

The vise is particularly suitable for welding steel profiles and pipes. The attachment of the spindle is rotatable and thus allows different dimensions to be clamped at the same time.

Made of cast iron with copper plated spindle and base plate with mounting holes.

- 90° angle
- Cast iron
- Ideal for industrial use
