Adaptor for toolboy SK30

50451030

Assembly device with tool holder made out of steel for safe clamping of your tool holders. Thanks to a unique technology, the tool holders are not clamped at their precise cones. So the cones are free. This is unique safe for your tool holders and ensures precise processing of the parts you have to manufacture. Turn your tool at any time within seconds into the desired position. Ergonomic and healthy working conditions thanks to the practical rotating function.

- Ergonomic
- Rotatable 45° to the left and to the right
- Safe
- Long-lasting
