NOGA deburrer blade BK1012 S101 HSS-TIN (62-64Rc)

61120448

NOGA S101 TiN blade for all materials

NOGA \$101 blade is extra suitable for deburring fine edges. The blade can work in all materials, and therefore a good choice if you work in different materials. The blade is tin coated, for longer blade life.

The "S" blade series consist of 26 different blades, which can work in steel, aluminum, plastic, brass, cast iron and stainless steel. The blades are designed in different forms, so it is possible to work in everything from small holes, deep holes, straight edges, curved edges to cross holes.

- Works in all materials
- Works best on fine edges
- Tin coating for longer blade life
