

CURV-O-MARK Center Head Jumbo (J1880)

35170225

The centering head aids in the setting of centre lines, establishing angles and marks, for butt-ins, locating points inside pipes and tanks, laying out keyways and measuring declivity.

This model is used on pipe 1" diameter and larger and is fitted with an adjustable dial set level and a spring-loaded hardened centering pin which eliminates the need for a hammer. Just make the alignment and press the trigger.
