## MAGSWITCH Steel Plate- and pipe lifter with 89,4 kg magnetic holding force (Sku 8800487)

31810262

Magswitch hand lifter 60-CE is a one-handed battery operated magnetic lifter delivers more control with the use of only one hand. Push a button to turn on and off to lift and release steel. We built a fail-safe into our technology so if the power runs out while working and the unit is under load, the magnet stays on and the steel won't fall off! Comes with two rechargeable 4V lithium-ion batteries, charger, and holster.

#### Functions

- On/Off Magswitch Magnet Control
- Super strong magnet up to 89,4 kg holding force
- Magnetic field turns completely on and off at the push of a button.
- Magnet stays clean.
- Holds flat and round surfaces of steel.
- 100% duty cycle-magnet can stay on forever.
- Battery strength indicator light.
- Recharges in 20 minutes.
- Batteries have 2000 actuations per charge

#### Specifications

- Max. holding force: 89,4 kg
- Product weight: 1,77 kg
- Total height: 134,6 mm
